

## Press photos 2017

### **EH\_2017\_services.jpg**

The services business is becoming increasingly important for Endress+Hauser. The picture shows the calibration of a thermometer at a life science customer's plant.

### **EH\_2017\_digitalization.jpg**

Digitalization is opening up new opportunities in the field of process automation. Many of Endress+Hauser's measurement instruments are already suitable for the Industrial Internet of Things.

### **EH\_2017\_production.jpg**

Endress+Hauser offers a comprehensive measurement technology portfolio for process automation. This picture shows Endress+Hauser's temperature sensor production in Pessano con Bornago, Italy.

**EH\_2017\_energy\_efficiency.jpg**

Endress+Hauser places a high value on energy efficiency and environmental protection, such as here at the center of competence for flow measurement technology in Reinach, Switzerland.
